NEW TECHNOLOGIES KEEP COMING AND WE NEED TO KEEP UP!

We are Sun City Grand's technology resource; so we need to stay on top of it to remain so. This means we need to have one of us in the club, someone who is passionate about technology, to come forward to lead the New Technologies SIG. The meetings are once a month and the position entails coming up with a theme having to do with some new technology. You then put together a presentation on that theme to be presented at the meeting. If you're in the habit of keeping up with technology, this ought to be a cinch. We need for you to come forward before the end of the year to keep the SIG going, else it will be no

more. If you have a hint of interest and would like to know more, contact Joe Parla, who has been holding this position for a great many years. You may reach him at newtech@grandcomputers.org.
