**Could you help us out as a Club Monitor?**

Set your own schedule - no minimum (or maximum!)

We provide **one-on-one training** and will be with you for your first session at the desk! We have a great training manual as well. You DON'T have to know how all of the equipment in the Club works - just be a friendly face and answer questions you can and if something stumps you we have a list of people to call.

### **Reading those QR codes**

You have probably noticed that we use a lot of QR codes in our promotional literature etc. Why? To help you go right to the webpage we're highlighting. It's easy once you get the hang of it. This article is all about what they are and how to use them AND how to create them yourself for some of your own communications.

Click [HERE](#) to read all about it!

### **Ask Cappie**

Did you know that you can "Ask Cappie" from the Grand Lifestyles magazine column a technical question? Send your questions to [cappie@grandcomputers.org](mailto:cappie@grandcomputers.org).  
*(Psst - Cappie is one of our own members.....)*
