WE NEED MORNING MONITORS - CAN YOU HELP?

Have you monitored at the club before? We need you to fill our morning slots as we expand our hours starting **October 1st to 9 - 3:30**. If you can schedule a session or two that would be a great help to keep the Club open!

We will meet with past and current monitors to update you on the current Club procedures and work side by side with you, as needed, to bring you up to speed.

Interested in becoming a monitor? We provide one on one training!

Contact Steve Etherton, our Monitor Director at monitor@grandcomputers.org and get started.

WANTED – Older laptop computers (PCs or MACs) and tablets (iPads or Androids)!

Please help out by donating your older laptop or tablet to Jim Geffre. Jim repairs them, updates them, and donates them to schools. He would like the laptops to have Windows 7, Windows 8 or already be upgraded to Windows 10. Please include the power cord with the computer and the charger for a tablet. Jim wipes the hard drives or puts new ones in if you were to leave yours out. If needed, Jim adds memory to at least 4GB and adds Microsoft Office.

Please contact Jim by phone ([623-544-3394](tel:623-544-3394)) or by email geffre1949@yahoo.com to arrange for a drop-off at Jim's home. Email is preferred. Jim will email you back his physical address. You can then leave the computer outside his house. Please be sure to include the password to unlock your computer or tablet and your email address with the computer and Jim will email you a tax form for taking a deduction on your tax return. (You can deduct up to \$150.00 per laptop).

Technology Tip of the Week _____

Does Your Internet Have a Speed Limit?

By NaBeela Washington

While accessing the internet is one thing, assessing the speed at which you connect and are able to navigate the internet is another.
