Trouble logging into the Computers Club website?

We recently converted our entire membership to the NEW (as of late 2021) CAM numbers. That means that your OLD number is probably NOT working and you're getting an "INVALID ID" message.

We have the Solution:

Convert your OLD number to the NEW CAM number!
How?

Example: Your number is 1234-001

Your new number is 0012341 - Here's how it was converted:

- Add two "0"s in front of the OLD number
- Add the next FOUR digits of your OLD number
- Add the LAST digit of your OLD number
(typically a "0" or "1")
