Topic: THIS IS THE FIRST SESSION OF A SERIES.
Do you have something or someone you want honor? An event (wedding, birthday, graduation, vacation) or a skill (snowboarding, quilting) or a special person you care about would be examples. We will show you how you can combine their pictures to represent and honor them. This is not a collage. In this session we will gather the elements you will need. You will plan a tentative design, make decisions on how you will use the final project. Finally, you can save your parts (in Organizer or in a folder) so you can access them at the next session.
